WORKING WITH OUR COMMUNITY COUNCIL & NEIGHBOURHOOD PARTNERSHIP

If you want to make your community a better place to live please get in touch with Stockbridge & Inverleith Community Council today!

Stockbridge and Inverleith Community Council, (SICC) acts as a voice for our local area. It is an independent body which is completely separate from the local authority. The City Council has a duty to consult us about issues affecting our neighbourhood.

Our main role is to put forward community views and ideas to the Council and other organisations like NHS Lothian, Police Scotland and the Scottish Government.

Our members, all local residents, are volunteers, who care about our community and want to make it a better place to live. But acting as a community voice isn't necessarily an easy or straightforward task, as there can sometimes be tensions between SICC and the City Council and between different groups within our community. Our work also includes concerns, comments and ideas about bus services, rubbish bins and collections, parking, congestion on

our streets and pavements, community policing and any other issues brought to us by residents. We also get involved in and support fun things like Stockfest and the Water of Leith clean ups.

All residents living within the SICC boundaries are very welcome to come along to one of our regular meetings, on the 3rd Wednesday of the month at 7 pm at Stockbridge Parish Church, Saxe Coburg Street, to find out what we do, to get involved in our work and to raise your concerns.

Please email us at:

stockbridgeandinverleithcc@gmail.com to let us know if you can come along and what issues you'd like to alert us to. For more info check out www.stockbridgeandinverleithcc.org.uk
