SAVE Edinburgh Central Library is taking the City of Edinburgh Council to court over its decision to grant planning permission for a MASSIVE new-build HOTEL on the Cowgate gap site.

The proposed new 225-bedroom 6-11 storey hotel will completely overshadow the magnificent A-listed library gifted to the people of Edinburgh by the philanthropist Andrew Carnegie.

A Court of Session judge says that there is '**a real prospect of success**', which allows us to present our full legal case at a hearing on 7 June 2017. We need to fundraise £27,000 to pay for costs.

PLEASE help **SAVE Edinburgh Central Library** to make it a spectacular public library befitting Andrew Carnegie's legacy and the world's first UNESCO City of Literature! **#SaveECL**
