

A fair and inspiring capital city

A walkable city centre

Reducing the dominance and impact of traffic and prioritising access on foot, by bike and public transport.

Improving our streets, gardens, spaces and places

Renovating existing and creating new civic spaces.

Creating better accessibility

Better connecting different modes of transport and developing a wayfinding system that signs people around the city.

Strengthening our town centres

Supporting local business and creating neighbourhoods based around walking and cycling.

Making it easier to use public transport

Introducing integrated ticketing that allows seamless changes from bus to tram, bike hire or car club with a single contactless payment.

Making individual journeys easier

Introducing bespoke transport services based on the use of data and technology.

A healthy city and environment

Creating a more active city

Developing strategic walking and cycling routes across the city.

Improving air quality

Creating low- emission zones, restricting polluting vehicles.

Encouraging the use of clean vehicles

Expanding the network of electric vehicle charge points.

Giving people in new developments healthier transport options

Setting specific modal targets by location.

A smart and thriving city

Widening the reach of public transport

Extending and realigning public transport to better serve a range of origins and destinations.

Offering more sustainable choices for longer journeys

Expanding the park and ride network and connecting it with other transport choices.

Protecting the city's environment while supporting businesses

Creating freight hubs to reduce the impact of large vehicles on the city centre and neighbourhood streets.

Controlling the impact of commuter parking

Extending controls and introducing a workplace levy to fund sustainable transport.

Looking to the future

Use of data-driven innovation and smart technology across a range of transport initiatives.
